Efficiency and ease. Full transparency with *every booking.*

DALS LINK

Working closely with clients allows us to build cutting-edge technology around their needs. Our client portal is an all-in-one system to create and manage bookings.

Features include:

- Create and manage bookings for a range of language services
- Manage contracts, reports and feedback
- Keep your data secure with 256-bit encryption (the same used by online banking)
- Get support from your organisation's dedicated point of contact
